Construction
– Landslide/ Slope, Scour Repair & Shoreline Stabilization

	PROJECT NAME	CLIENT	SCOPE OF WORK
1	**Provision EPCIC of LCOT Effluent Discharge Pipeline Replacement Project**	Sabah Shell Petroleum Company Sarawak Shell Bhd. Sea Hibiscus Sdn. Bhd. 2016 -2019	• Site preparation and general earthworks • Construction of rock berm • Re-Construction and shoreline breakwater repair – rock dumping method
2	**Provision of Repair and Maintenance of Sabah Sarawak Gas Pipeline (including extension)**	PETRONAS Gas Berhad Dec 2015 - Dec 2019	• Soil investigation, site survey, buoyancy control, • Earthwork and site clearing • Roadside excavation and backfilling • Shoring and slope protection - concrete canvas • Slope Repair – Construction of gabion/ gravity wall • Landslide Repair and slope erosion control – installation of interlocking concrete block
3	**Engineering, Procurement and Construction (EPC) of NPS 24 PRAI Lateral Subsea Pipeline Rectification Works Project**	PETRONAS Gas Berhad Oct 2012 - Nov 2012	• Repair damaged underwater rock berms • Underwater scouring and seabed erosion repair • Subsea pipeline free span rectification using rocks and concrete mattress.
4	**Transportation and Installation of Offshore Facilities for Year 2004 – 2006 (Extension) - Provision of Shore Approach Pipeline Installation for 28" dia from KAKG-A to MLNG2 (Onshore Section)**	PETRONAS Carigali Sdn. Bhd. TL Offshore Oct 2012 - Nov 2012	• Construction of rock berm • Shoreline and coastal erosion study • Shoreline scouring and seabed erosion repair • Shoreline stabilization via rock- dumping method

Construction

– Road Repair & Construction

	PROJECT NAME	CLIENT	SCOPE OF WORK
1	**Provision EPCIC of LCOT Effluent Discharge Pipeline Replacement Project**	Sabah Shell Petroleum Company Sarawak Shell Bhd. Sea Hibiscus Sdn. Bhd. 2016 - 2019	• Site preparation and general earthworks including haul/ access roads, drainage, hoarding/ barricades etc. • Plant / public bitumen road repair • New construction of plant/ public bitumen road, • New construction of drainage, turfing and paving
2	**Provision of Repair and Maintenance of Sabah Sarawak Gas Pipeline (including extension)**	PETRONAS Gas Berhad Dec 2015 - Dec 2019	• Earthwork and site clearing • Construction of public road access
3	**Transportation and Installation of Offshore Facilities for Year 2014 – 2016 (Package A) - 16" x 44 km DALAK pipeline from Labuan PETRONAS Methanol to SIPITANG Tee-off Project (Onshore Section – Plant PML-2 & SIPITANG Tee-off Station)**	PETRONAS Carigali Sdn Bhd 2014 - 2015	• Site preparation and general earthworks including haul/ access roads, drainage, hoarding/ barricades etc. • Temporary construction facilities • Plant / public bitumen road repair • New & re-construction of plant/ public bitumen road
4	**Provision of EVA-NMB Gas Delivery System (ENGDS) Shore Approach for PCSB Project – Onshore Section**	PETRONAS Carigali Sdn Bhd Global Offshore Malaysia Resources Sdn. Bhd. 2013	• Site preparation and general earthworks including haul/ access roads, drainage, hoarding/ barricades etc.
5	**Provision of 14" and 24" Export Pipeline Shore Approach Installation for Kebabangan Northern Hub Development – Onshore Section**	PETRONAS Carigali Sdn Bhd Global Offshore Malaysia Resources Sdn. Bhd. 2014 - 2015	• Site preparation and general earthworks including haul/ access roads, drainage, hoarding/ barricades etc.
6	**Transportation and Installation of Offshore Facilities for Year 2004 – 2006 (Extension) - Provision of Shore Approach Pipeline Installation for 28" dia from KAKG-A to MLNG2 (Onshore Section)**	PETRONAS Carigali Sdn. Bhd. TL Offshore Sdn Bhd 2010	• Site preparation and general earthworks including haul/ access roads, drainage, hoarding/ barricades etc.
7	**Procurement, Construction and Commissioning (PCC2) LGAST to PML-2 Pipeline Project – Onshore Section: Plant LGAST, PML-1 & PML-2**	PETRONAS Carigali Sdn. Bhd./ PETRONAS Methanol 2007	• Site preparation, civil & structural work, control building, access road, guard fence, etc.
8	**Transportation and Installation of Offshore Facilities for Year 2004 – 2006 - Provision of 16inch BAP- AA/ MCOT Shallow Water/ Shore Approach Beach- Pull And Pipe-Laying – Onshore Section**	PETRONAS Carigali Sdn. Bhd. TL Offshore Sdn Bhd Nov 2005 - Dec 2006	• Site preparation and general earthworks including haul/ access roads, drainage, hoarding/ barricades etc.

Construction
– Civil Works

	PROJECT NAME	CLIENT	SCOPE OF WORK
1	**Provision EPCIC of LCOT Effluent Discharge Pipeline Replacement Project**	Sabah Shell Petroleum Company Sarawak Shell Bhd. Sea Hibiscus Sdn. Bhd. 2016 - 2019	• Site preparation and general earthworks • Trenching / sump pit excavation • Construction of rock berm • Construction of new sump pit & metering station. • Fencing • Temporary construction facilities • Demolition of existing sump pit and existing effluent pipelines • Underground survey utility scan, mackintosh probe, soil investigation, ground bearing capacity test etc. • Buoyancy control
3	**Provision of Repair and Maintenance of Sabah Sarawak Gas Pipeline (including extension)**	PETRONAS Gas Berhad Dec 2015 -Dec 2019	• Soil investigation, site survey, buoyancy control, ROW and facilities maintenance & system Start-up • Earthwork and site clearing • Excavation / backfilling / reinstatement • Shoring / slope protection / slope repair & rectifications – gabion/ gravity wall, concrete canvas, interlocking concrete block • Micro-piling
3	**Transportation and Installation of Offshore Facilities for Year 2014 – 2016 (Package A) - 16" x 44 km DALAK pipeline from Labuan PETRONAS METHANOL to SIPITANG Tee-off Project (Onshore Section – Plant PML-2 & SIPITANG Tee-off Station)**	PETRONAS Carigali Sdn Bhd 2014 - 2015	• Site preparation and general earthworks • Temporary construction facilities • Fencing relocation • Construction of Valve Pit / station • Construction of MIJ Pit / station • Construction of CP station • Construction of scrapper launcher/ receiver station • Buoyancy control – Set on Weight • Construction of concrete anchor block
4	**Provision of EVA-NMB Gas Delivery System (ENGDS) Shore Approach for PCSB Project – Onshore Section**	PETRONAS Carigali Sdn Bhd Global Offshore Malaysia Resources Sdn. Bhd. 2013	• Site preparation and general earthworks • Temporary construction facilities • Construction of rock berm • Construction / installation of cofferdam – excavation & sheet piling • Construction hold back wall and beach anchor pile – sheet piling • Underground survey utility scan, mackintosh probe, soil investigation, ground bearing capacity test etc.

	PROJECT NAME	CLIENT	SCOPE OF WORK
5	**Provision of 14" and 24" Export Pipeline Shore Approach Installation for Kebabangan Northern Hub Development – Onshore Section**	Kebabangan Petroleum Operating Company Global Offshore Malaysia Resources Sdn. Bhd. 2011	• Site preparation and general earthworks • Temporary construction facilities • Construction of rock berm • Construction / installation of cofferdam – excavation & sheet piling • Construction hold back wall and beach anchor pile – sheet piling • Underground survey utility scan, mackintosh probe, soil investigation, ground bearing capacity test etc. • Trenching / excavation • Precast concrete pipe support
6	**Transportation and Installation of Offshore Facilities for Year 2004 – 2006 (Extension) - Provision of Shore Approach Pipeline Installation for 28" dia from KAKG-A to MLNG2 (Onshore Section)**	PETRONAS Carigali Sdn. Bhd. TL Offshore Sdn Bhd 2011	• Site preparation and general earthworks • Temporary construction facilities • Fencing relocation • Construction of rock berm • Construction of cofferdam – excavation & sheet piling • Construction hold back wall and beach anchor pile – sheet piling • Underground survey utility scan, mackintosh probe, soil investigation, ground bearing capacity test etc. • Rock-dumping work
7	**Procurement, Construction and Commissioning (PCC2) LGAST to PML-2 Pipeline Project – Onshore Section: Plant LGAST, PML-1 & PML-2**	PETRONAS Carigali Sdn. Bhd. PETRONAS Methanol 2007	• Site preparation, civil & structural work, control building, • Access road, guard fence, etc. • Construction of scrapper launcher/ receiver station • Fencing relocation • Construction of valve pit / station • Construction of mij pit / station • Construction of CP station • Construction of dofferdam • Construction of metering station
8	**Transportation and Installation of Offshore Facilities for Year 2004 – 2006 - Provision of 16inch BAP- AA/ MCOT Shallow Water/ Shore Approach Beach- Pull And Pipe-Laying – Onshore Section**	PETRONAS Carigali Sdn. Bhd. TL Offshore Sdn Bhd Nov 2005 - Dec 2006	• Site preparation and general earthworks • Temporary construction facilities • Construction of rock berm • Construction of cofferdam – excavation & sheet piling • Construction hold back wall and beach anchor pile – sheet piling • Underground survey utility scan, mackintosh probe, soil Investigation, ground bearing capacity test etc.

Construction
– Building, Terminal Ferry and Railway Bridges

	PROJECT NAME	CLIENT	SCOPE OF WORK
1	**Provision of Basic and Detailed Engineering, Procurement, Construction and Commissioning (BEPCC) Package for Rejuvenation of Urea Ship Loading Facilities Project at ASEAN Bintulu Fertilizer Plant, Bintulu, Sarawak (DABAI)**	Asean Bintulu Fertilizer Sdn. Bhd. Jun 2017 - Jan 2019	• Total Replacement of Reclaiming Scrapper (BUS1), Tripper Car (BUS1), Screening Station Parts, Transfer Station Parts, Partial Replacement of Conveyor System, Total Replacement of Ship loader and Partial Replacement of Compact & Jetty Substation.
2	**Construction of Pipelay Barge (Kota Laksamana 101) – Ship Building**	Kota Laksamana 101 LTD 2008-2013	• Construction of Steel Hull • Construction of Accommodation (300pax) including others facilities galley, mess hall, recreational, gymnasium, coffee shop, hospital, conference room and Cinema. • Installation of Pipe-lay System/ Equipment i.e. welding station, NDT Station, FJC Station, A&R winch, Tensioners, Stinger and Davit • Construction Installation of Helicopter deck • Installation of Firefighting and Live Saving Equipment • Installation of Communication/ Navigation Equipment • Installation of Sewage Treatment Plant • Installation of Auxiliary Equipment and Pedestal Crane • Installation of Mooring System
3	**Construction of Ferry Terminal at Pasir Gudang, Johor**	Probil Sonati Development Jabatan Kerja Raya Selangor Apr 2005	• Site Preparation and General Earthworks • Provide building and site drawings • Construction of Terminal Ferry
4	**Construction and completion of Piawai Satu Courtroom Building at Mahkamah Kuala Selangor, Selanggor**	Jabatan Kerja Raya Selangor Mar 2003 - May 2004	• Site Preparation and General Earthworks • Provide building and site drawings • Construction of Building
5	**Design and build of 18 ½ storey block apartment at Lot 1874, Kg Tengah, Mukim Setapak, Daerah Gombak, Selangor**	Kemuncak Laksana Sdn Bhd Jan 2003-Dec 2004	• Provide building and site drawings • Site infrastructure to include electrical service, well/water system, roadway(s), walkways, drainage system (as required), screening (required by existing agreements) and landscaping.

6	**Construction and completion of 30 units banglo under Selayang Mesra project, Selangor**	Majlis Daerah Selayang June 2003	• Provide building and site drawings • Site Preparation - Site Clearance, Temporary Facilities, Excavation, Mob/ Demob, Hauling & Demolition • Concrete Works – Foundation, Wall Footing, Tie-beams, Column, Beams, Roof Beam, Concrete Slab Works, canopies, Counter Top • Masonry Works - CHB Laying and CHB reinforcements, Brick Work and Stone Work • Roofing - Truss work, Roofing Installations and Gutter Installation. • Finishing Works – Ceiling, Tiles, Painting, Carpentry, Door and Windows Work. • Electrical Works • Sanitary Works • Plumbing Works
7	**Design and build of Youth Training Centre Bukit Lagung, Selangor**	Kementerian Belia dan Sukan, Malaysia 2002	• Site Preparation and General Earthworks • Provide building and site drawings • Construction of Building - Pusat Latihan Belia Bukit Lagung
8	**Construction and completion of "Lawn Bowl" Sport Complex at Selayang, Selangor**	Kementerian Belia dan Sukan, Malaysia 2002	• Site Preparation and General Earthworks • Provide building and site drawings • Construction of Building - Kompleks Sukan "Lawn Bow" in Selayang
9	**Construction, Completion and Maintenance of Sewerage Reticulation Work.**	GUTHRIE Property Development Holdings Sdn Bhd June 1996 – Feb 1998	• Site Preparation and General Earthworks • Provide building and site • Construction of Building
10	**Design and Build Bangunan Pusat Pemulihan Akidah, Jelebu, Negeri Sembilan.**	Pusat Islam Malaysia, Jabatan Perdana Menteri (JPM) Oct 1996 – Nov 1997	• Site Preparation and General Earthworks • Provide building and site drawings • Construction of Building
11	**Design and Construction of Three (3) nos. of Railway Bridges at Pulau Indah**	KTMB (TRC Ho-Hup JV) Mar 1997 –Feb 1998	• Site Preparation and General Earthworks • Provide building and site drawings • Construction of Railway Bridges at Pulau Indah
